Postini Email Filter Services - GEAR 3 Email Defense

TRY IT TODAY FOR FREE! USE POSTINI FOR FREE FOR THE FIRST MONTH

Gear 3 is excited to offer Postini email filtering services; Postini provides enterprise level anti-spam and anti-virus email protection for your users and intercepts harmful messages before they get to your network. Each user receives a daily update directing them to their Web-based message center so that they can review all of the mail that's been blocked. If a user wants to have something delivered that's been blocked, simply click on the message and push the deliver button. The best part is that you can try this service free for 30 days with no obligation. If you don't think it's as good as advertised, you can cancel at anytime.

Postini Email Defense

Security

Postini delivers preemptive threat prevention that identifies connection and content threats before they can reach your corporate network. Postini stops spam, phishing, viruses, directory harvest attacks, and more with patented, multi-layer technology that delivers unmatched intrusion prevention and protection for email.

Availability

Postini's load balancing, spooling and disaster recovery help ensure the uptime, responsiveness and message integrity regardless of traffic volume or complexity of your environment. Message archiving provides message redundancy in the event that a mail server crash causes messages to be lost.

Visibility

Postini provides unmatched, centralized visibility and real-time command and control of your entire enterprise messaging management. Through a convenient Web console, Postini supplies administrators with real-time message monitoring and alerting, and comprehensive reporting. In addition, users get the flexibility and convenience of examining quarantined emails and self-managing acceptable communications within limits set by the administrators.

Pricing

\$1.99 per user per month

\$25 setup fee
