Welcome to Gear 3's Partner Program for High-Speed Internet Access, Web Hosting/Dedicated Servers and Technical Services. Gear 3's Partner Program is a great program for individuals as well as businesses. It allows you to earn 6% of the monthly recurring revenue on all services that you refer and that sign up with Gear 3, while giving you the opportunity to focus on selling without worrying about actually doing the technical work, managing the servers or dealing with billing.

Note that the key phrase there is "recurring revenue" - that means you get paid based on the client's continued business with Gear 3. This is not a "once and done" deal, but something much more valuable - you get paid on a quarterly basis for every month the client is with Gear 3!
